

AM Rounds Tutorial Schedule for Fall 2018

To better meet our student's needs, we have developed an AM Rounds schedule. Every 2 weeks we will meet with our students at least once. Friday's will be Free for students to go to the class they choose or attend club meetings.

These tutorial periods will begin at 8:25. If students are passing the class scheduled for that day, students may be released to other classes for the duration of tutorial. If the student is not passing or is missing assignments, teachers will keep students to help them get caught up in the class.

FRESHMEN WILL REMAIN IN THEIR RESPECTIVE AM ROUND CLASSES FOR THE FIRST 9 WEEKS. After the first 9 Weeks, if the student is passing your course, they may resume the same process as upperclassmen. If they are not passing, they will remain in your classes until they pass. If upperclassmen need assistance, please allow them to come in so they can model the use of AM Rounds to the freshmen. If you need a freshman student not scheduled with you on a day, please send his/her teacher a note.

AM Rounds: Students are allowed to switch from teacher to teacher for needed assistance if they are passing their classes. Students who are not passing their classes are to follow the posted schedule and remain in those classes.

Grand Rounds: Students must remain in their first period for the day unless there is a specific area or announcement. If it is A Day, students will remain in their 1A class. If it is B Day, students will remain in their 1B class.

| Week of | Monday | Tuesday | Wednesday | Thursday | Friday |
