

Caduceus Camp
700 Med High Drive, Mercedes, TX 78570

Dear Parent/Guardian:

Camp Information:

South Texas High School for Health Professions (Med High) offers health science technology courses and we are providing an opportunity for students at the Elementary and Middle school level, in the Rio Grande Valley, to have exposure to health related summer camps at an early age.

The Caduceus Camps are designed primarily to provide awareness of the health care field through hands on activities and educational experiences though these will be enhanced by related activities covering the general curriculum. Students will learn about Healthy Living, Nutrition, Anatomy and Physiology including special projects in Dentistry, Medical Terminology, Advertising Persuasion, First Aid including an ambulance simulator experience, and careers in the health care field. Students will also take part in activities in our Simulation Lab. For returning participants, the activities will build upon knowledge gained at prior years' camps. All camps will include a technology component. The camp will conclude with a presentation to parents that will highlight all activities.

Application process:

- 1. Parent/Guardian must complete the application form below.**
- 2. Return the completed form to: Sylvia Odoms by e-mail sylvia.odoms@stisd.net or by fax at (956)565-4039.**

Payment of \$30.00 dollars per camp may be made separately, but registration will not be complete until payment is received.
